TECHNICAL SKILLS

iOS: Swift, SwiftUI, UIKit, Xcode

Android: Kotlin, Jetpack Compose, Android Studio

Cross-Platform: React Native

Backend Integration: REST APIs, Firebase, GraphQL

Tools: Git, Fastlane, TestFlight, CI/CD

PROFESSIONAL EXPERIENCE

Senior Mobile Developer — Pulse Fitness Technologies, Miami, FL

Mar 2021 – Present

- Led iOS and Android development for a fitness tracking app that grew from 200K to 2M+ downloads
- Migrated the iOS codebase from UIKit to SwiftUI, reducing new feature development time by 30%
- Implemented offline-first sync architecture, cutting app crash reports related to connectivity by 60%
- Set up automated release pipeline with Fastlane, reducing release cycle from 2 weeks to 3 days

Mobile Developer — Sunshine Apps Studio, Miami, FL

Jun 2018 – Mar 2021

- Built and shipped 8 client apps across iOS and Android using native and React Native stacks
- Improved app store ratings from 3.6 to 4.5 stars by resolving top user-reported bugs

PROJECTS

TideTracker — SwiftUI, CoreLocation

- Personal iOS app for surfers showing real-time tide and swell data; 10K+ downloads

EDUCATION

B.S. Computer Science — University of Miami, 2018

CERTIFICATIONS

- Google Associate Android Developer — Google, 2021
