Chicago, IL | (312) 555-0173 | priya.nair.sec@gmail.com | linkedin.com/in/priyanairsec

SUMMARY

Cybersecurity Analyst with 4 years in SOC operations and incident response. Skilled in Splunk, MITRE ATT&CK, and NIST compliance. Led containment of a ransomware incident with zero data loss.

TECHNICAL SKILLS

Security Tools: Splunk, CrowdStrike, Wireshark, Nessus

Frameworks: NIST 800-53, MITRE ATT&CK, ISO 27001

Networking: TCP/IP, firewalls, VPN, IDS/IPS

Scripting: Python, PowerShell, Bash

Areas: Threat hunting, vulnerability management, incident response

PROFESSIONAL EXPERIENCE

Cybersecurity Analyst II — Meridian Health Systems, Chicago, IL

Sep 2021 – Present

- Monitored 3,000+ daily alerts via Splunk SIEM, triaging and resolving 95% within SLA
- Led incident response for a ransomware attempt, containing spread within 40 minutes and preventing data loss
- Conducted quarterly vulnerability assessments across 600+ endpoints, remediating 120 critical findings
- Authored the phishing response playbook now used org-wide, reducing average response time by 35%

SOC Analyst I — Bridgeview Financial, Chicago, IL

Jun 2020 – Sep 2021

- Investigated and escalated security alerts across endpoint, network, and email channels
- Supported HIPAA and PCI-DSS audit prep by compiling log evidence and access reports

EDUCATION

B.S. Cybersecurity — DePaul University, 2020

CERTIFICATIONS

- CompTIA Security+ — CompTIA, 2020
- Certified Ethical Hacker (CEH) — EC-Council, 2022
